Dear Darci Guttowsky,

This letter is to advise you that the // corrective action plan you submitted, regarding each rule violation cited in the recently completed Inspection, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.1933(4)	Hot water temperature exceed 120 degrees Fahrenheit at water faucets accessible to children at the time of inspection.	Have a professional come and turn down the tank temperature, and I will check temperature weekly to make sure it is within compliance	2/10/24

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.
