Dear Ms. Perez:

This letter is to advise you that the 11/03/2022 corrective action plan you submitted, regarding each rule violation cited in the recently completed Special Investigation Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

| Violation cited                         | Noncompliance observed   | Plan to correct  | Date to be completed |
|---|--|--|----------------------|
| R 400.1932 Home maintenance and safety. | On October 25, 2022, the licensee had two real candles lit in the dining room while children were napping in care. As technical assistance, open-flame devices and candles cannot be used except for birthdays and religious celebrations. They must be inaccessible to children and extinguished when done. | The licensee stated that she stopped lighting candles during child care hours the day of my onsite inspection. She stated that all candles will be removed from the daycare areas and kept out of reach of children. | 10/25/2022           |

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

The office provides technical assistance to meet the licensing requirements and consultation to improve services. Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, you may contact the local office at (616) 356-0183.

Sincerely,

*Carrie Harris*
