III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This renewal inspection involved a review of all applicable child care home administrative rules and statutes. Verification of compliance included direct observations of the physical environment and the program, discussions with staff, and a review of the home's records, including staff records and children's records. Staff records include background checks, medical clearance information, and

training information. Children's records include child information cards and child in care statements/receipts.

During the inspection, the child care home was found to be in compliance with all applicable rules and statutes except for the following violations:

R 400.1907

Child's records.

(1) Prior to a child's initial attendance, a licensee shall obtain the following documents:

(b) A child in care statement or receipt using a form provided by the department and signed by the parent certifying all of the following:

(i) Receipt of a written disciplinary policy.

(ii) Condition of the child's health.

(iii) Acknowledgement that the parent has been offered either a copy of the licensing rules for a child care home or has been given the website for an electronic copy of these rules.

(iv) Agreement as to who will provide food for the child.

(v) Acknowledgement that firearms are on the premises, if applicable.

(vi) If the child care home was built prior to 1978, then the licensee shall inform the parents of each child in care and all personnel of the potential presence of lead-based paint or lead dust hazards, unless the licensee maintains documentation from a lead testing professional that the home is lead safe.

One child care file was missing a child in care statement.

IV. RECOMMENDATION

Upon receipt of an acceptable corrective action plan I recommend issuance of regular license to this child care home.
