## III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This renewal inspection involved a review of all applicable child care home administrative rules and statutes. Verification of compliance included direct observations of the physical environment and the program, discussions with staff, and a review of the home's records, including staff records and children's records. Staff records include background checks, medical clearance information, and

training information. Children's records include child information cards and child in care statements/receipts.

The facility is in compliance with all applicable rules and statutes. During the onsite inspection, I found the facility to be clean and well organized. Mrs. Barnes was providing appropriate care and supervision to the three children present.

Consultation provided on completion of children records, Consent and Disclosure forms and completion of required trainings.

#### IV. RECOMMENDATION

I recommend the issuance of a regular license to this child care center.
