and a review of the home's records, including staff records and children's records. Staff records include background checks, medical clearance information, and training information. Children's records include child information cards and child in care statements/receipts. On 07/06/2022, I conducted an inspection with no children. Ms. Link has decided to close her child care facility for the summer and reopen in the fall. Emergency procedures, safety check, licensing notebook, and licensee requirements were checked. An inspection of the program will be conducted at the Interim Inspection.

The facility is in compliance with all applicable rules and statutes.

IV. RECOMMENDATION
