Dear Ms. Evans:

This letter is a follow-up to the Department's findings regarding the interim inspection conducted at your home on 12/14/2022. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Family and Group Child Care Homes.

During the interim inspection, I observed breakfast, play time, child arrival, small group writing and drawing activities, bodily care routines/handwashing and diapering. Ms. Evans and her child care staff member provided responsive, nurturing care to children throughout the inspection period. They got down on the children's level and spoke with them in kind, supportive ways to encourage social problem-solving. They acknowledged children's feelings and comforted them when they were upset.

As a result of the inspection, I did not find any rule or law violations.

I provided Technical Assistance and Consultation on the following:

- Bleach water strength for sanitizing.
- Use new Child Information Record forms and Child In Care Statements.
- Children's names must be added to Child In care statements in the health and immunization status sections.
- Removing the role of child care staff member in the CCBC system for adult household members who no longer act as child care staff.

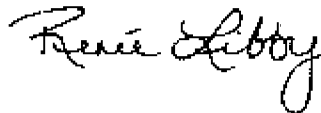

During calendar year 2021:	Total
Number of serious injuries that occurred in facility.	0
Number of deaths that occurred in the facility.	0
Number of substantiated cases of abuse and/or neglect of a child that occurred at the facility.	0
