Dear Ms. Kirby:

This letter is to advise you that the 06/29/2022 corrective action plan you submitted, regarding each rule violation cited in the recently completed Renewal Licensing Study Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.1921(1) Water hazards; water activities.	The barrier between the outdoor play area and the pool is under four feet in height.	Ms. Kirby will raise the fence by raising the line post that is holding the fence just below the four foot minimum requirement, to a height no less than four feet, top to bottom in the play area.	07/08/2022

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

The office provides technical assistance to meet the licensing requirements and consultation to improve services. Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, you may contact the local office at (616) 356-0183.

Sincerely,
