Dear Ms. Wynne:

This letter is a follow-up to the Department’s findings regarding the interim inspection conducted at your home on 09/22/2022. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Family and Group Child Care Homes.

When I arrived on-site Ms. Wynn was present with five unrelated children in attendance. The children were engaged in free play in the play room, Ms. Wynne assisted children as they were completing puzzles, singing, played with blocks and named animals. One child was observed sleeping during the visit. Safe sleep protocol was followed.

**Technical assistance and consultation were provided to Ms. Wynn in the following areas:**

- A discussion was held around building up eroding ground cover near outside play equipment over 30 inches.
- A discussion was held around making sure child information cards have admission dates.

As a result of the inspection, I did not find any rule or law violations.
