III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This renewal inspection involved a review of all applicable child care home administrative rules and statutes. Verification of compliance included direct observations of the physical environment and the program, discussions with staff, and a review of the home's records, including staff records and children's records.

Staff records include background checks, medical clearance information, and training information. Children's records include child information cards and child in care statements/receipts.

This facility was in full compliance with all rules and regulations at the time of the inspection.

Consultation

Ms. Carollo was reminded that the basement needs to be used in order to care for more than 8 children.

IV. RECOMMENDATION

I recommend issuance of a regular license to this child care group home (capacity 7-12).
