III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This renewal inspection involved a review of all applicable child care home administrative rules and statutes. Verification of compliance included direct observations of the physical environment and the program, discussions with staff, and a review of the home's records, including staff records and children's records. Staff records include background checks, medical clearance information, and

training information. Children's records include child information cards and child in care statements/receipts.

The facility is in compliance with all applicable rules and statutes.

Reminder: A furnace and radon inspection are needed for the next renewal.

Observations: The children were engaged in a large group art project, after which they transitioned into developmentally appropriate free play.

IV. RECOMMENDATION

I recommend issuance of a regular license to this child care group home (capacity 7-12).
