Dear Ms. Bockhol:

This letter is to advise you that the 11/29/2022 corrective action plan you submitted, regarding each rule violation cited in the recently completed Renewal Licensing Study Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R400.1907(1)(a) Child's record.	Child information cards were incomplete/missing required information	Ms. Bockhol will have parents complete missing/incomplete information on child information cards.	By 12/09/2022
R400.1918(6) Medication; administration; procedures.	One child under age two was given pain remedy without a doctor's note indicating the dosage amount as directed on the label stating, "Under age two, consult a doctor."	Ms. Bockhol will always check packaging on over-the-counter medications and follow the directions. If the directions say to consult a doctor for dosage, she will make sure there is a doctor's note on file before giving the medication to the child.	Immediately and ongoing

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

The office provides technical assistance to meet the licensing requirements and consultation to improve services. Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, you may contact the local office at (231) 922-5309.

Sincerely,
