Dear Mrs. Purvis:

Attached is the Addendum to the Original Licensing Study Report for the above referenced facility.

Please review the enclosed documentation for accuracy and contact me with any questions. In the event that I am not available and you need to speak to someone immediately, please contact the local office at (989) 732-8062.

Per MCL 722.113g, this report must be filed in your licensing notebook.

Sincerely,

A handwritten signature in cursive script that reads "Dana M. Desgranges".

## IV. Description of Findings and Conclusions

The terms of the original license have been modified on 10/11/2016; 11/13/2018 and 11/19/2021.

### A. Description of Facility

This group child care home is a one story wood-framed structure with a partially finished, walk-out basement. The home is located on a rural road in Ithaca.

#### **Rooms and levels approved for child care use:**

On the basement level of the home, the playroom and the eating area (located North of the basement stairs) is approved for child care use. On the main level of the home, the kitchen, dining room, family room (N), living room (SE), the bedroom (NW), the bedroom (W) and the bedroom (SW) are all approved for child care use. The bathroom located in the hallway on the main level of the home will be used by the child care children.

#### **Areas not approved:**

On the basement level of the home, the furnace room, the storage room (East) and the counter top/sink area (located South of the basement stairs) are not approved for child care use.

#### **Ages of children served:**

Ms. Purvis will care for children birth thru 17 years.

#### **Equipment:**

Ms. Purvis has a more than adequate amount of developmentally appropriate indoor and outdoor play equipment for the children to interact with and use.

#### **Proposed days and hours of operation:**

Ms. Purvis will provide care Monday through Friday 7:30 a.m. to 5:00 p.m.

**Previous or concurrent licenses:**

Ms. Purvis has previously been licensed to provide child care (DG290282387) at another residence. There are no concurrent licenses, including children's foster care.

**Exiting information (including second floor and basement):**

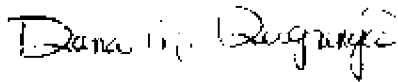

On the basement level there are two exits available: the main stairway that leads up to the main level of the home and an exit door, located in the play room, that exits directly out to the driveway on the West side of the home. On the main level of the home there are four exits available: the front door, located off of the dining room, which exits out to a wooden deck that steps down to the front yard; two doors, located in the family room (N), which exit out to wooden steps that lead down to the backyard; and one door, located in the living room (SE), which exits out to the garage.

**Outdoor play area and description:**

The driveway, located just outside of the basement level exit door, and a fenced in grassy area, located North of the driveway, are available for use by the child care children. The outdoor wooden playset is not used by the child care children and there are no water hazards on or near the property.

**V. Recommendation**

I recommend the addition of the basement eating area (located North of the basement stairs) to the approved child use space.
