IV. Description of Findings and Conclusions

The terms of the original license have been modified on 07/18/2022.

The child care home is a bi-level wood-framed structure with a finished basement. The home is located on a quiet street in the city of Alma.

Rooms and levels approved for child care use: On the basement level of the home, the large play room and the baby room are approved for child care use. On the first level of the home, the sun room is approved for child care use. On the second level of the home, the laundry room and the living room are approved for child care use. The bathroom, located on the basement level of the home, will be used by the child care children.

Areas not approved: On the basement level of the home, the furnace/storage room is not approved for child care use. On the second level of the home, the kitchen, dining room, pantry and two bedrooms are not approved for child care use.

Ages of children served: Ms. Bradley will provide child care for children ages birth thru 17 years.

Equipment: Ms. Bradley has an adequate supply of age-appropriate equipment for a capacity of 12 children at one time.

Proposed days and hours of operation: Child care will be provided Monday through Friday from 6:00 a.m. to 6:00 p.m.

Previous or concurrent licenses, including children's foster care: Ms. Bradley was previously enrolled (DF290399251) to provide child care at another location. She has never been licensed to provide children's foster care. There is no concurrent license.

Exiting information (including second floor and basement): There are two exits available on the basement level of the home: the main stairway leads into the sun room and a side door that exits directly out to the front yard and the egress window located in the baby room. There are two exits available on the first level of the home: the stairway that leads to the second level of the home which has a front door that exits out to a front porch that steps down to the front yard and a side door located in the sun room that leads directly out to the front yard. There are two exits available on the second level of the home: the front door and the side door located in the sun room.

Outdoor play area description: The outdoor play area is completely fenced in with a wooden fence and a gate that can be opened to the driveway and front yard. The fenced in yard has a large grassy area for the children to run and play. There are no water hazards on or near the outdoor play area.

Explanation of variances; if any:

There are no variances for this child care home.

V. Recommendation

I recommend the addition of the second floor laundry room and living room to the approved child use space.
