Ages of children served: Ms. Lamont will provide child care for children ages birth thru 17 years.

Equipment: Ms. Lamont has an adequate supply of age-appropriate equipment for a capacity of 12 children at one time.

Proposed days and hours of operation: Child care will be provided Monday from 4:00 a.m. to 11:59 p.m., Tuesday thru Thursday 12:00 a.m. to 11:59 p.m. and Friday from 12:00 a.m. to 4:00 p.m.

Exiting information (including second floor and basement): There are two exits available on the main level of the home; the side door exits directly out to the (E) yard and the front door exits out to steps that lead down to the (S) yard.

Outdoor play area description:

The outdoor play area is the grassy area surrounding the home, which is not fenced. There are water troughs located inside the cow pasture. The cow pasture fencing meets the 4 ft. minimum height requirement. The gates are kept locked to prevent children from gaining access to the water troughs in the pasture. All other watering dishes for the animals are kept within their fenced in areas. There are no other water hazards on the property.

Additional information:

- Pets? No Yes If yes, describe. There are seven cows, thirteen pigs, several chickens, three turkeys, two guinea hens, two ducks, four cats, three dogs and nine

Explanation of variances, if any: A rule variance was granted for rule R400.1933(2) Water supply, sewage disposal, water temperature. Ms. Lamont received a "B" rated environmental health inspection on 03/28/2022. The septic tank is less than 10' from the home foundation. The variance requires an environmental health inspection of the septic system completed every two years at the time of the license renewal at the licensee's expense. In addition, if the system fails, the licensee will replace the system.

B. Rule/Statutory Violations

There are no rule violations.

IV. RECOMMENDATION
