IV. Description of Findings and Conclusions

The terms of the original license were modified on July 1, 2019, September 4, 2020, and October 12, 2021.

Best Friend Preschool is located in a two story home in a residential area in Sebewaing. The facility is approved to use the entire main floor of the home. The basement and second floor of the home are not approved for child use space.

On the main floor the eat in kitchen, dining room, living room, bathroom and one bedroom for napping purposes only are approved for child use space.

The main floor of the home has two remote exits. The front door of the home exits out to the north side of the house. The side door of the home exits out to the driveway, which faces the west side of the house.

Outdoor play occurs in the rear and front of the home of the home. The area does not contain any water hazards and is fenced as needed. Mrs. Edler moves sections of fencing to create barriers. Mrs. Edler also utilizes the front covered porch as outdoor use space.

V. Recommendation

I recommend removal of the basement from the list of child approved spaces.
