Dear Magdalene Covert,

This letter is to advise you that the 11/21/2023 corrective action plan you submitted, regarding each rule violation cited in the recently completed Inspection, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.1932(2)	During the on-site inspection, sharp knives and corded appliances were accessible to the children in the kitchen. The child safety devices on these cupboards and drawers were not working correctly. Chemical cleaning supplies were accessible to children in the bathroom under the sink. The child safety devices on this cabinet had been removed.	Dangerous and hazardous materials will be inaccessible to children.	11/21/23

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.
