Dear Ms. Williams:

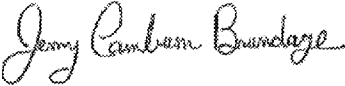

This letter is to advise you that the 04/24/2023 corrective action plan you submitted, regarding each rule violation cited in the recently completed Special Investigation Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R400.1913(2)	Ms. Williams did not use developmentally appropriate positive methods of discipline. She stated that she placed Child A sit in "time out" for two to three minutes after he "pooped" his pants for the third day in a row based on his response to her asking why it happened. Each day when she asked him why he had an accident; his only response was that liked	The children will receive only appropriate positive methods of discipline. Time out will only be used for children age 3 years and older as a last resort. Children will not be placed in time out or disciplined for having bathroom accident. Children may be placed in time out a last resort if they continued to be disrespectful.	This has been corrected and will be maintained.

	being lazy. On the third day, when she asked, Child A smiled at her, thought it was funny, and again said "I like being lazy." Ms. Williams stated that based on this response, she told Child A to sit down for a couple of minutes. Ms. Williams stated that using time out for this reason was an isolated incident.
