08/07/2023 Modification Request Received

IV. Description of Findings and Conclusions

The terms of this license have been modified on 08/08/2023.

This child care home is a single story wood framed home with a full finished basement. The child care home is located in a residential neighborhood.

The approved levels of the home are the main level and basement level of the home. On the main level the kitchen/dining area, living room, and two bedrooms. There is a bathroom on this level of the home for the children to access. There are two remotely located exits on the main level; the front door and side door leading to the garage, and a back door.

The office (first room on the left) is not approved as child use space.

In the basement level of the home the play room, kitchenette, and bedrooms are approved as child care use space. There is a bathroom on this level of the home for children to access. There are two remotely located exits on this level; the stairs to the main level and a glass slider door leading to the back yard of the home.

Laundry room and storage areas are not approved as child use spaces.

The outdoor play area is located in the back yard of the home. The back yard is fenced in. There is a variety of equipment in the outdoor play area. Equipment with elevated surfaces have appropriate surfacing as required. There is a pool on one side of the back yard of the home; this side of the yard is fully fenced in with a locking gate.

Ms. Stout will provide care for children between the ages of birth to 14 years of age.

The child care home operates Monday through Friday from 5:30am to 5:30pm.

V. Recommendation

I recommend the office on the main level be disapproved as child use space.
