## III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This renewal inspection involved a review of all applicable child care home administrative rules and statutes. Verification of compliance included direct observations of the physical environment and the program, discussions with staff,

and a review of the home's records, including staff records and children's records. Staff records include background checks, medical clearance information, and training information. Children's records include child information cards and child in care statements/receipts.

During the on-site inspection, the children in care were observed while eating lunch and playing with toys. The interactions between the caregivers and children were positive and nurturing.

The facility is in compliance with all applicable rules and statutes.

#### IV. RECOMMENDATION

I recommend issuance of a regular license to this child care group home (capacity 7-12).
