Dear Ms. Manko:

This letter is to advise you that the 11/22/2022 corrective action plan you submitted, regarding each rule violation cited in the recently completed Renewal Licensing Study Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.1920(5)(a) Outdoor play area and equipment.	At the time of the onsite inspection, the dome climber located in the outdoor play area did not have appropriate groundcover underneath all fall zones.	Ms. Manko will cover the dome climber for winter so that it may not be used for climbing and in the spring will place it in a larger sand area. Sand is an approved ground cover to protect from falls.	11/23/2022

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

The office provides technical assistance to meet the licensing requirements and consultation to improve services. Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, you may contact the local office at (517) 284-9730.

Sincerely,

A handwritten signature in cursive script that reads "Catherine Edgar".
