Dear Mrs. Freiberg:

This letter is to advise you that the 10/16/2022 corrective action plan you submitted, regarding each rule violation cited in the recently completed Renewal Licensing Study Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

<b>Violation cited</b>	<b>Noncompliance observed</b>	<b>Plan to correct</b>	<b>Date to be completed</b>
R 400.1932(2)	During the renewal inspection, I observed an aerosol bottle of sunscreen in an unsecured bottom drawer in the child use bathroom. This product was labeled "keep out of reach of children."	Ms. Freiberg will install safety latches on all drawers and check them daily for proper function.	11/13/2022
R 400.1934(7)	During the renewal inspection, infant/toddler aged children were sleeping in the infant napping room in the basement. The lighting in this room was not adequate due to the fact that	Ms. Freiberg will install additional lighting in the infant nap room.	11/13/2022

	<p>the chests of the sleeping infants could not be observed rising and falling as the child breathes. Lighting must be adequate to see such movement.</p>		
MCL 722.115n	<p>During the renewal inspection, I learned that a family member of Ms. Frieberg was intermittently staying at her home for approximately two months. This individual was observed leaving the child care home during the renewal inspection, while children were in care. During the exit conference, Ms. Frieberg confirmed that this person had not completed the CCBC process.</p>	<p>Ms. Freiberg agrees to complete the CCBC process as required.</p>	<p>immediate</p>

Sincerely,
