Dear Mrs. Berry:

Attached is your renewal inspection report. You can find a copy of this renewal inspection report and any associated corrective action plans on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of when renewal inspection reports are completed can be found under [Overview of Licensing Reports](#).

During the onsite inspection I observed the home to be neat, clean and appropriate for care. I observed resting and napping, safe sleep, handwashing and bottle feeding. Records were organized and readily available, with the exception of Mrs. Berry's 2021 training records.

During the renewal inspection on 10/25/2022, I found one violation(s) listed below and explained in the attached report:

R 400.1905 (1) Training.

You gave us an acceptable written corrective action plan. We will send you a regular license in the mail.

During calendar year 2021:	Total
Number of serious injuries that occurred in facility.	0
Number of deaths that occurred in the facility.	0
Number of substantiated cases of abuse and/or neglect of a child that occurred at the facility.	0

Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, please contact the local office at 517-284-9730.

Per MCL 722.113g, this report and any related corrective action plans must be filed in your Licensing Notebook.

Sincerely,

A handwritten signature in cursive script that reads "Tania Allard".

III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This renewal inspection involved a review of all applicable child care home administrative rules and statutes. Verification of compliance included direct

observations of the physical environment and the program, discussions with staff, and a review of the home's records, including staff records and children's records. Staff records include background checks, medical clearance information, and training information. Children's records include child information cards and child in care statements/receipts.

During the inspection, the child care home was found to be in compliance with all applicable rules and statutes except for the following violations:

R 400.1905 Training.

(1) A licensee shall complete not less than 10 clock hours of training each calendar year related to child development, program planning, and administrative management for a child care business, not including CPR, first aid, and infectious disease, including immunizations, training.

Mrs. Berry could not produce verification of completion of ten clock hours of training for 2021.

A corrective action plan was requested and approved on 10/25/2022. It is expected that the corrective action plan be implemented within the specified time frames as outlined in the approved plan. A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.
