Dear Mrs. LeMieux:

This letter is a follow-up to the Department’s findings regarding the interim inspection conducted at your home on 09/28/2022. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Family and Group Child Care Homes.

When I arrived for my onsite inspection, I was able to observe Ms. LeMieux receive children into care. The child care children were excited to see Ms. LeMieux and comfortable entering the home. The child care staff member was in the child care space in the basement with the children already in care. She positively engaged with the children in care and the home was free of any hazards.

Technical Assistance was provided in the following areas:

- One child in care statement was just shy of the annual update, all child information cards and child in care statement require an annual update.
- During my onsite inspection, I observed Ms. LeMieux give one child a snack without washing her hands directly before. All children’s hands must be washed right before eating.

As a result of the inspection, I did not find any rule or law violations.
