Staff records include background checks, medical clearance information, and training information. Children's records include child information cards and child in care statements/receipts.

During the onsite inspection the licensee was present with four childcare children. Two of her childcare staff members were out on a field trip with ten childcare children. The children in the home were finishing lunch time and preparing to transition to nap time. All children were being appropriately supervised and interacted with.

The facility is in compliance with all applicable rules and statutes.
