## III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This renewal inspection involved a review of all applicable child care home administrative rules and statutes. Verification of compliance included direct observations of the physical environment and the program, discussions with staff, and a review of the home's records, including staff records and children's records. Staff records include background checks, medical clearance information, and training information. Children's records include child information cards and child in care statements/receipts.

During the on-site inspection there were six child care, one child care staff member and the licensee. During the visit the children participated in screen time and one was sleeping. All child care children were being appropriately interacted with and supervised.

The facility is in compliance with all applicable rules and statutes.
