Dear Ms. Wagner:

This letter is to advise you that the 03/29/2022 corrective action plan you submitted, regarding each rule violation cited in the recently completed Renewal Licensing Study Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R400.1908(1)	Upon my arrival on 03/23/2022 for the renewal inspection, there were 14 unrelated children in care.	Ms. Wagner will not allow any extra kids to come if she is at capacity.	03/24/2022
R400.1910(1)	There were two approved child care staff members present with a total of 17 children. 14 of the children were unrelated, and 3 were related but under 6 years of age, so they count in ratio.	If Ms. Wagner's grandchildren are present, they will be watched on another level of the home by her adult son at all times. She will refuse to care for children over her ratio and capacity.	03/24/2022

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

The office provides technical assistance to meet the licensing requirements and consultation to improve services. Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, you may contact the local office at (616) 356-0183.
