Dear Ms. Clark:

This letter is to advise you that the 08/10/2022 corrective action plan you submitted, regarding each rule violation cited in the recently completed Renewal Licensing Study Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
-----------------	------------------------	-----------------	----------------------

R 400.1906 (1) (c) (ii) Records of a licensee; child care staff member; child care assistant.	One child care staff member did not have an updated medical exam at time of renewal.	Prior to the child care staff member returning to work with child care children, Ms. Clark will ensure that an updated medical exam has been completed. A copy will be placed in her file.	Prior to returning to employment.
R 400.1921 (1) Water hazards; water activities.	During the on-site inspection there was a temporary/soft sided pool that was observed. There was fencing around the area of the pool, however it was not at a minimum of 4 feet in height.	Ms. Clark will either ensure that there is a 4 ft barrier around the pool or remove it.	Within 2 weeks

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.
