During the inspection, the child care home was found to be in compliance with all applicable rules and statutes except for the following violations:

**R 400.1903                      Licensee responsibilities.**

(8) To comply with section 3c of the act, MCL 722.113c, a licensee shall have a policy and procedure on smoking and vaping that includes all of the following:

(b) Conspicuously post on the premises a notice stating that smoking and vaping are prohibited on the premises during child care hours.

The licensee did not conspicuously post on the premises a notice stating that vaping was prohibited on the premises during child care hours.

**R 400.1915                      Indoor space; play equipment and materials.**

(5) As required by section 15 of the children's product safety act, 2000 PA 219, MCL 722.1065, a licensee shall conspicuously post in the child care home an updated copy of the list of recalled or unsafe children's products that is provided by the department through its Michigan Child Care Matters (MCCM) online newsletter and available at the department's website [www.michigan.gov/mccmatters](http://www.michigan.gov/mccmatters).

The licensee did not conspicuously post an updated copy of the list of recalled children's products that is provided by the department.

**R 400.1934                      Heating; ventilation; lighting; radon.**

A radon test was not completed every four years at the time of renewal. The last radon test was completed in 2011.

A corrective action plan was requested and approved on 11/17/2020. It is expected that the corrective action plan be implemented within the specified time frames as outlined in the approved plan. A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.
