Dear Mrs. Carpenter:

This letter is to advise you that the 03/30/2022 corrective action plan you submitted, regarding each rule violation cited in the recently completed Renewal Licensing Study Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.1905(9) Training.	One child care staff member did not complete the 2020 health and safety update in MiRegistry within six months of the notice.	The licensee stated that she would have the child care staff member complete the 2020 health and safety update in MiRegistry.	04/30/2022
R 400.1924(2)(a) Hand washing.	Personnel did not ensure children washed their hands before a morning snack. The provider just used hand sanitizer which is only approved until running water is available.	The licensee stated that she would not use hand sanitizer before meals. She stated they would wash their hands.	03/30/2022

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

The office provides technical assistance to meet the licensing requirements and consultation to improve services. Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, you may contact the local office at (616) 356-0183.
