Dear Ms. Duran:

This letter is to advise you that the 04/26/2023 corrective action plan you submitted, regarding each rule violation cited in the recently completed Renewal Licensing Study Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
-----------------	------------------------	-----------------	----------------------

R 400.1915(5) Indoor space; play equipment and materials.	At the time of the inspection, the recall list posted was outdated since the last recall list I gave Ms. Duran in 2022. She was instructed on how to access the form, and also emailed the form as well.	Ms. Duran will print the recall list that I emailed her and post it. She will send a picture of the posted recall list.	April 28, 2023
R 400.1933(4) Water supply; sewage disposal; water temperature.	At the time of the inspection, the water temperature exceeded 120 degrees in the bathroom used for handwashing.	Ms. Duran will turn the water down on April 26, 2023, and purchase a water regulator for the faucet within 1 month.	May 26, 2023
R 400.1945(2) Emergency; plan; drill.	At the time of the inspection, Ms. Duran did not have a copy of the written emergency plans. I provided her this information during the last inspection, and they were not completed.	Ms. Duran stated that she will write the emergency plans and send them to me within 1 month.	May 26, 2023

Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, please contact the local office at (517) 284-9730.

Per MCL 722.113g, this report and any related corrective action plans must be filed in your Licensing Notebook.

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

Sincerely,
