Dear Ms Fenderson:

This letter is to advise you that the 03/13/2023 corrective action plan you submitted, regarding each rule violation cited in the recently completed Renewal Licensing Study Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.1907(1)(b) Child's record.	One out of 10 children's records reviewed had a child who was missing a child in care statement.	All children now have child in care statements. Licensee will ensure that all children have a child in care statement prior to enrolling them.	3/6/2023
R 400.1907(2) Child's records.	Six out of 10 children's records reviewed had child information records that had not been updated annually.	To keep children's records updated the licensee will review files and look up any changes to forms per the LARA website every six months.	4/1/2023

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

The office provides technical assistance to meet the licensing requirements and consultation to improve services. Please contact me with any questions. In the event that I am not available, and you need to speak to someone immediately, you may contact the local office at (517) 284-9730.

Sincerely,
