Further, from time to time the department discovers additional rule violations during the course of an investigation. If there are new rule violation(s), your consultant shall inform you of the violation(s) as soon as possible. However, as stated above, any violations of identical rule(s) will require the department to treat any and all additional rule violations identified in the investigation as repeated rule violations.

All rule violations found in relation to a complaint or incident investigation will be associated with the date the investigation was closed.

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

I have read and understand the Rules and Regulations for Group Day Care Homes, 290-1-1. I acknowledge that the items noted in this report have been discussed with me and I have agreed to a Plan of Improvement (POI) as indicated in this report. I understand that correction of these deficiencies, while required, will not necessarily prevent DECAL from taking adverse action against this facility. I understand that if I disagree with any of the deficiencies cited, I have the right to refute them on this report or any other form that I choose to send to Child Care Services.

The following information is associated with a Incident Investigation Closure:

Activities and Equipment

591-1-1.12 Equipment & Toys(CR)**Not Met****Finding Associated with Complaint**

591-1-1.12(1) requires each Employee and child in attendance to use all indoor and outdoor furniture, activity materials, and equipment in a safe and appropriate manner and in accordance with the manufacturer's instructions, recommendations, and intended use. All equipment and furniture shall be used only by the age-appropriate group of children. It was determined that on March 2, 2018, at approximately 4:15 p.m., a one-year-old child sustained a laceration to the head after pulling a child-sized chair that was on top of a table off and onto their head. Based on staff statements, it was determined that the toddler class was coming in after outdoor play. As the children were coming in a child ran inside of the room, and pulled a wooden child- sized chair down off of the table. The chair hit the child in the head. The chair was not secured and was not positioned for it's intended use at the time of the incident.

POI (Plan of Improvement)

The Center will ensure Staff are trained in and children are taught the proper use of all furniture, materials and equipment; will implement a plan for this information to be reviewed with both groups on an ongoing basis; and for monitoring proper and age-appropriate usage.

Correction Deadline: 3/2/2018
