Staffing and Supervision

591-1-1-.32 Staff:Child Ratios and Group Size(CR) Not Met

Finding

591-1-1-.32(3) requires a Center with a licensed capacity of 18 or fewer children to maintain Staff- child ratios in mixed- age groups of children under three years old based on the age of the youngest child under three years of age. Where all of the children in any one group are three years of age or older, the age of the majority of the children in the group shall determine the Staff: child ratios . It was determined based on observation that one staff member (the director) cared for nine children under one year of age, one one-year-old child, two two-year-old children, one three-year-old child, and four four-year-old children in the same classroom upon consultant's arrival at the facility. A volunteer arrived at the facility at 10:00 a.m. and the children were put in the correct classrooms and with the correct age group. Four children ages two-years-old and under were placed in classroom B- Back, and five three and four-year-old children were placed in classroom A- Front.

POI (Plan of Improvement)

The Center will determine and maintain Staff: child ratios as required.

Correction Deadline: 2/25/2020
