Plan of Improvement: Developed This Date 04/24/2019

Any rule violation which subjects a child to injury or life-threatening situation or any rule violations previously cited but not corrected, may result in the imposition of an adverse enforcement action. Serious or continued noncompliance may also jeopardize participation in one or more DECAL program(s).

Please refer to the website, <http://www.dec.state.ga.us/CCS/Regulations.aspx> , for information regarding October 1, 2018 rule changes about Criminal Records Checks that may affect your facility. In summary,

- New records checks will be required to be completed if a staff member experiences a six month break in service from the child care industry
- New clearance is required at least once every five years
- Any staff member solely responsible for supervising children will be required to have completed a comprehensive background clearance
- All staff members are required to have completed at least a national fingerprint based clearance check
- Any staff member with only the national fingerprint based clearance, must be under constant and direct supervision of a staff member with a satisfactory comprehensive records check clearance
- Facilities are required to use DECAL KOALA for Criminal Records Checks, including to verify portability of an employee

O.C.G.A. Section 42.1.12(i)(2) requires Bright from the Start: Georgia Department of Early Care and Learning to notify licensed child care programs on accessing and retrieving from the Georgia Bureau of Investigation's (GBI) website a list of the names and addresses of all registered sexual offenders. Please see GBI's website located at <http://gbi.georgia.gov> to access the Georgia Sex Offender Registry.

If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

Finding

591-1-1-.26(6) requires that playground equipment provide an opportunity for the children to engage in a variety of experiences and shall be age-appropriate. For example, toddlers shall not be permitted to swing in swings designed for School-age Children. The outdoor equipment shall be free of lead-based paint, sharp corners and shall be regularly maintained in such a way as to be free of rust and splinters that could pose significant safety hazard to the children. All equipment shall be arranged so as not to obstruct supervision of children. It was determined based on observation that the following hazards were present:

One "Little Tikes" red ride on car had 2 exposed screw heads below the opening on the front of the car.

The wooden landscape timbers surrounding the play areas were coming apart on 9 timbers allowing pieces of wood and nail heads to be accessible to children.

The yellow protective coating was chipped off on the top and bottom handles of the climbing chains on the middle climbing structure allowing the metal to rust.

The black plastic slide attached to the swing set with a green swing seat and a blue toddler swing was broken on the right side.

POI (Plan of Improvement)

The Center will provide a variety of age-appropriate equipment that is arranged so as not to obstruct supervision of children. Staff will check the equipment daily to ensure that the equipment is free of hazards, rust and splinters. The center will remove broken equipment, replace or repair wooden landscape timbers and repair the yellow handles.
