- Any staff member solely responsible for supervising children will be required to have completed a comprehensive background clearance
- All staff members are required to have completed at least a national fingerprint based clearance check
- Any staff member with only the national fingerprint based clearance, must be under constant and direct supervision of a staff member with a satisfactory comprehensive records check clearance

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. The following information is associated with a Complaint Investigation by Phone:

Food Service

591-1-1-.15 Food Service & Nutrition

Not Met

Finding

591-1-1-.15(9) requires that a written statement be on file from a medical authority when a child requires a modified diet for medical reasons and from the child's Parent(s) when a child requires a modified diet for religious reasons. All caregiver Personnel shall be informed of the diet restriction for the child and only food that complies with the prescribed dietary regimen but still meets the food and nutrition requirements shall be served to the child. It was determined that on April 21, 2021 and on April 22, 2021, the center did not follow the modified diet plan for a one-year-old child in care. According to the child's enrollment form, the parent listed whole milk as an allergy and requested that the child be given dairy intolerant, soy milk only. The center did not follow the plan and the child was given whole milk. The child did not require professional medical attention.

POI (Plan of Improvement)

The Center will obtain the appropriate written statement and keep it on file, inform all caregiver Staff, and only serve the child food that complies, but still meets the nutrition requirements in these rules and will review and monitor.

Correction Deadline: 5/5/2021

Policies and Procedures

Finding

591-1-1-.29(3) requires the Director or designated person-in-charge to report or cause to be reported to the Department within twenty-four (24) hours or the next work day: any death of a child while in the care of the Center; any serious illness or injury requiring hospitalization or professional medical attention other than first aid of a child while in the care of the Center; any situation when a child in care becomes missing, such as, but not limited to, a child who is left on a vehicle, a child who leaves the building, playground, or property, or a child who is left behind on any trip; any fire; any structural disaster; any emergency situation that requires temporarily relocating children; and any time the program's operating status changes (i.e., open to closed or temporarily closed and temporarily closed to open). It was determined based on an investigation, the center's program operating status changed as they were temporarily closed on April 21, 2021. Parents were notified in writing at approximately 1:27p.m. that the center was experiencing some emergencies and could not continue to operate for the remainder of the day. Parents were asked to pick up their children immediately from the center. The center did not report the temporary closure to the Department within twenty-four hours or the next work day as required.

POI (Plan of Improvement)

The Center will develop a procedure so everyone knows how and when to report these incidents to the Department and will follow-up to make sure they are reported as required.
