However, as stated above, any violations of identical rule(s) will require the department to treat any and all additional rule violations identified in the investigation as repeated rule violations.

All rule violations found in relation to a complaint or incident investigation will be associated with the date the investigation was closed.

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

I have read and understand the Rules and Regulations for Child Care Learning Centers, 591-1-1. I acknowledge that the items noted in this report have been discussed with me and I have agreed to a Plan of Improvement (POI) as indicated in this report. I understand that correction of these deficiencies, while required, will not necessarily prevent DECAL from taking adverse action against this facility. I understand that if I disagree with any of the deficiencies cited, I have the right to refute them on this report or any other form that I choose to send to Child Care Services.

#### Finding Associated with Complaint

591-1-1-.11(2) requires that Personnel not: physically or sexually abuse a child or engage or permit others to engage in sexually overt conduct in the presence of any child enrolled in the Center; inflict corporal/physical punishment upon a child; shake, jerk, pinch or handle a child roughly; verbally abuse or humiliate a child which includes, but is not limited to, the use of threats, profanity or belittling remarks about a child or his family; isolate a child in a dark room, closet or unsupervised area; use mechanical or physical restraints or devices to discipline children; use medication to discipline or control children's behavior without written medical authorization issued by a licensed professional and given with the parent's written consent; restrict unreasonably a child from going to the bathroom; punish toileting accidents; force-feed a child or withhold feeding a child regularly scheduled meals and/or snacks; force or withhold naps; allow children to discipline or humiliate other children; or confine a child for disciplinary purposes to a swing, highchair, infant carrier, walker or jump seat. It was determined based on investigative findings that on February 21, 2023, between 8:50 to 11:50 AM, a center staff member inappropriately disciplined several children including forcefully pulling the children by their arms and shoulders and firmly holding the children's wrist as the children cried and attempted to get away from the staff member. Additionally, at approximately 9:36 a.m. a staff member inappropriately disciplined a child when they grabbed the child by the arm forcefully. The staff member grabbed the child's wrist and the wrist of another child and, as the children were on their knees, led the children down the hall to the bathroom. Furthermore, at approximately 10:48 a.m. a staff member inappropriately disciplined a child when the staff member grabbed the back of the apron string the child was wearing around their neck causing the apron to pull up around the child's neck as the child was trying to run away from the staff member. Furthermore, at approximately 11:50 a.m. a staff member inappropriately disciplined a child in the bathroom when they yanked the child's arm and pulled the child across the bathroom. While speaking with the child the staff member pointed their finger in the child's face as the child cried.

#### POI (Plan of Improvement)

The consultant reviewed the discipline rules with center staff March 2, 2023. Appropriate child guidance techniques were discussed with all center staff. The Center will take immediate action to ensure the action/conduct has ceased and will have a system in place to monitor and identify inappropriate actions.
