Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. Finding

290-2-3-.07(8) requires the Home to maintain for the Provider and any Provisional Employee or Employee with direct care responsibilities current evidence of successful completion of a biennial training program in cardiopulmonary resuscitation (CPR) and a triennial training program in first aid which have been offered by certified or licensed health care professionals or trainers and which dealt with emergency care for infants and children. Such training must be completed prior to initial licensure for the Provider and within 90 days from date of hire for Provisional Employees and Employees. The Provider, a Provisional Employee or Employee with current CPR and first aid training must always be on the Home's premises and on any field trip whenever any Child is present. It was determined based on a review of records that the Provider and employee had evidence of completing online only cardiopulmonary resuscitation (CPR) training and did not have evidence of completing a hands on training in cardiopulmonary resuscitation (CPR) as required.

POI (Plan of Improvement)

The Home will obtain the required CPR and first aid training and will keep certificates, cards, or other proof of training on file. The Home will submit proof of training to the Department, if requested. The Home will ensure that there is always a Staff person on the Home's premises and on any field trip whenever any Child is present.
