This report shall serve as official notice of potential rule violations. These potential rule violations have been detailed in this report and discussed with you by the consultant. The department shall conduct a thorough investigation to determine if in fact the alleged rule violation(s) should or should not be substantiated. Please be aware that the investigation may take some time to be finalized to ensure fairness and accuracy. During this investigation period, any violations of an identical rule or rules will require the department to treat any and all substantiated rule violations identified in the investigation as repeated rule violation(s).

Further, from time to time the department discovers additional rule violations during the course of an investigation. If there are new rule violation(s), your consultant shall inform you of the violation(s) as soon as possible. However, as stated above, any violations of identical rule(s) will require the department to treat any and all additional rule violations identified in the investigation as repeated rule violations.

All rule violations found in relation to a complaint or incident investigation will be associated with the date the investigation was closed.

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

I have read and understand the Rules and Regulations for Child Care Learning Centers, 591-1-1. I acknowledge that the items noted in this report have been discussed with me and I have agreed to a Plan of Improvement (POI) as indicated in this report. I understand that correction of these deficiencies, while required, will not necessarily prevent DECAL from taking adverse action against this facility. I understand that if I disagree with any of the deficiencies cited, I have the right to refute them on this report or any other form that I choose to send to Child Care Services.

The following information is associated with a Incident Investigation Closure:

**Food Service**

**591-1-1-.15 Food Service & Nutrition**

**Not Met**

#### **Finding Associated with Complaint**

591-1-1-.15(9) requires that a written statement be on file from a medical authority when a child requires a modified diet for medical reasons and from the child's Parent(s) when a child requires a modified diet for religious reasons. All caregiver Personnel shall be informed of the diet restriction for the child and only food that complies with the prescribed dietary regimen but still meets the food and nutrition requirements shall be served to the child. It was determined based on investigative findings that on March 23, 2021, center staff failed to adhere to the modified diet of a five-year-old child in care, as written by a medical authority. As a result, the child required professional medical treatment after being served food items that contained eggs.

#### **POI (Plan of Improvement)**

The Center will obtain the appropriate written statement and keep it on file, inform all caregiver Staff, and only serve the child food that complies, but still meets the nutrition requirements in these rules and will review and monitor.
