Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. Finding

290-2-3-.11(2)(h) requires at least one UL Approved smoke detector to be on each floor of the Home and such detectors to be maintained in working order. At least one 2-A:10-B:C fire extinguisher shall be kept in the child care area to be located no more than thirty feet from the kitchen. The extinguisher shall be maintained in working order and shall be inaccessible to the children. It was determined based on observation that the 2-A:10-B:C fire extinguisher was not in working order and another fire extinguisher was the incorrect size when it stated it was a 1-A:10-B:C.

POI (Plan of Improvement)

The home provider will ensure that a working smoke detector is on each floor and a working fire extinguisher is available in the child care area as required, and is maintained inaccessible to children.

Correction Deadline: 5/29/2022

Comment

Th Consultant discussed with the provider to test all smoke detectors on each level of the home. Fire extinguishers were not checked on this date due to individuals sleeping in the home and home had multiple levels which would require the provider to leave the children on another level of the home.
