**922 KAR 2:090. Section 10. Director Requirements and Responsibilities.**

**(1) A director shall:**

**(l) Assure the health, safety, and comfort of each child;**

**Findings:**

General: Based on observation, interview and review of documentation, it was found that this regulatory requirement was not met. During this investigation it was determined that a child was tripped while walking by a teacher. As a result of being tripped the child fell into a table in the classroom. When the child fell into the table his sweater was ripped and the child recieved two (2) wounds on his side. The teacher did not console the child in anyway, but stated that she did not intentionally trip the child and eyes were closed when she stuck her leg out. It is important to note that the teacher was terminated after this incident.
