Findings:

General: Based on interview and review of documentation, the surveyor learned that on 2/20/2020, the childcare center staff were aware that a one-year-old child was scratched and hit by another child resulting in minor injury. The child's parent told the staff that the child was taken for medical care on 1/21/2020. The childcare center did not report the child's injury and subsequent medical care to the cabinet within twenty-four hours from the time of discovery.
