350 - Health, Safety, Comfort	Not In Compliance
922 KAR 2:090. Section 10. Director Requirements and Responsibilities. (1) A director shall: (I) Assure the health, safety, and comfort of each child;	
Findings: General: Based on interviews and review of documentation, the child-care center failed to meet this regulation. Interviews with staff members found a belt attached to a wooden children's chair was not secured during table time activities on 11/22/19. As a result, a two-year-old child got his foot tangled in the belt as he was transitioning to another area of the room causing him to fall into the edge of a table. The surveyor found the child went to the emergency department where he received three internal stitches and twelve stitches across his forehead. Interviews with staff members found the belt should have been secured underneath or behind the chair at the time of the incident.
