Supervision	Not In Compliance
5 - Children Supervised	Not In Compliance
922 KAR 2:120. Section 2. Child Care Services. (3)(a) Each center shall maintain a child-care program that assures each child will be: 1. Provided with adequate supervision at all times by a qualified staff person who: a. Ensures the child is within scope of vision and range of voice; or b. For a school-age child, within scope of vision or range of voice;	
Findings: General: Based on Review of Documentation and interviews, four (4) preschool children were left unsupervised by staff for approximately a minute on 02/09/16 in the preschool room.	
Director Requirements	Not In Compliance
250 - Staff Management/Policy Development/Supervision	Not In Compliance
922 KAR 2:110. Section 4. Director Requirements and Responsibilities. (1) Effective with the adoption of this administrative regulation, a director shall: (e) Manage the staff in their individual job descriptions; (f) Develop child-care center plans, policies, and procedures; (g) Supervise staff conduct to ensure implementation of program policies and procedures;	
Findings: General: Based on Review of Documentation and interviews, the center's supervision policy stated that in order to ensure children are supervised at all times, staff need to clearly make sure that all staff involved know when a child/children has/have been put in their care and verbally acknowledge they have accepted responsibility for the child/children. The supervision policy was not followed when two caregivers left four (4) preschool children in the classroom with two (2) parents. The two caregivers did not realize the other had left the classroom, and basically left the classroom at the same time. This resulted in the four (4) children not being supervised by qualified staff for approximately a minute on 02/09/16.
