Supervision	In Compliance
Staffing Requirements	In Compliance
Director Requirements	Not In Compliance
350 - Health, Safety, Comfort	Not In Compliance
922 KAR 2:090. Section 10. Director Requirements and Responsibilities.	
(1) A director shall:	
(l) Assure the health, safety, and comfort of each child;	
Findings:	
General: Based on Review of Documentation, video footage from April 19, 2018 was reviewed which shows the staff and children in the two-year-old room preparing to go outside. Both staff can be seen passing coats out to children and assisting some of them. One (1) child can be seen putting on her hat. The staff person closest to the child sees the child with the hat on and reaches over and takes the hat off of the child's head. The child begins to cry and the staff person then leans towards her and points her finger at the child and starts talking to her in a stern manner. The child continues to cry and the staff person reaches out and grabs the child's left arm and pulls her towards her. The staff person then gets in a squatting position and gets a hold of both of the child's wrists. The staff person proceeds to talk sternly to the child as she jerks on her wrists causing the child's head to move as the child continues to cry. The staff person then sends the child over to an area where some of the other children are sitting. The staff person can be seen looking over at the child as continues to talk sternly.
