922 KAR 2:110. Section 4. Director Requirements and Responsibilities.
(1) Effective with the adoption of this administrative regulation, a director shall:
(l) Provide for the health, safety, and comfort of each child;

Findings:

Based on interview, a staff member picked up an infant child to feed the child a bottle, but the bottle did not belong to that child. The staff in the classroom both indicated the staff did verify bottle to name of the child with other staff member as is required procedure; however staff picked up the wrong child. Although the staff realized the mistake as the nipple was put to the child's lips, it could not be confirmed that the child did not ingest any of the bottle's contents.
