365 - Regularity of Routines		Not In Compliance
922 KAR 2:120. Section 2. Child Care Services. (6) Regularity of routines shall be implemented to afford the child familiarity with the daily schedule of activity.		
Findings: General: Based on Interview, it was found that children ages two to four-years-old are often bumped from class to class in the mornings in order to maintain ratios until additional staff come on duty. This practice does not provide the children with a regularity of routines.
