 - 10. A balance of active and quiet play, including group and individual activity;
 - 11. An opportunity for a child to:
 - a. Have some free choice of activities;
 - b. If desired, play apart from the group at times;

Findings:

General: Based on Observation, it was confirmed that the facility failed to follow their daily planned program of activities. During interviews, staff stated that the children were participating in station activities when a child was injured. The surveyor watched the surveillance video footage of the incident provided by the facility. Children were observed running around the class room, picking each other up, and did not appear to be participating in station activities.
