Findings:

General: Based on Interview, it was found that the children were on a field trip at Jacobson Park on 7/9/13. There were four (4) staff at the park with the children with two (2) of those being van drivers. A review of records found that at the time of the incident the two (2) van drivers were not currently certified in adult/infant and child CPR and First Aid. The two (2) classroom staff who were present had been certified in CPR and First Aid through an on-line course from the American Academy of CPR & First Aid Inc. On-line CPR and First Aid courses are not a cabinet approved source of CPR and First Aid training for child care facilities.
