350 - Health, Safety, Comfort	Not In Compliance
922 KAR 2:090. Section 10. Director Requirements and Responsibilities. (1) A director shall: (l) Assure the health, safety, and comfort of each child;	
Findings: Based on interview, the facility failed to provide for the safety of a child in care. After interviews it was found that staff had knowledge that the closet door in their classroom was not easy to shut. Staff were also aware of a two-year-old child's history of slamming the closet door shut. There were no measures in place to prevent an incident from occurring as a result of these two things. On 11/19/18 a child received an injury to her finger after her hand was caught when another child slammed the closet door shut. Further, during the inspection a staff person was observed squeezing a child in the cradled position excessively hard while speaking angrily and frustrated towards her. When staff saw the surveyor her grip loosened and she smiled at the child before putting her down.
