922 KAR 2:090. Section 10. Director Requirements and Responsibilities. (1) A director shall: (l) Assure the health, safety, and comfort of each child;	
Findings: General: Based on Review of Documentation and interview, this regulatory requirement was not met. On 3/27/18 an administrative staff person reported an incident that occurred at the facility involving a fourteen (14) month old child. The incident report stated that the staff person stood the child on the diaper changing table after getting a diaper change when the child lost her balance and hit her cheek on the floor. The child's parent was contacted and she was taken to her pediatrician to be examined. Even though the child was not diagnosed with an injury other than a red mark and bruise on her face, the staff person did not use a safe procedure to pull the child's pants up by allowing her to stand on top of the diaper changing table. The staff person received a written reprimand on the day of the incident (3/27/18), a second written reprimand and suspension on 3/28/18 for continuing to use this same un-safe procedure and her employment was terminated a few days later.
